ASN Kidney Week
October 30- November 4, San Diego, CA USA

The American Society of Nephrology was originally formed to organize an annual meeting to facilitate the dissemination of new advances in the science of nephrology. The portfolio of educational activities has since greatly expanded to meet the need of both practicing nephrologists and renal scientists. The annual scientific meeting that has grown into Kidney Week includes not only presentations of original research such as free communications and posters, but also a wide array of symposia, conferences and courses on a full range of topics from basic science to clinical practice and public policy. More than 13,000 international kidney professionals are expected to exchange experiences and updates on the latest developments in Nephrology.

BioPorto will be present at the ASN Kidney Week 2012. Jakob Ohm Eriksen, Product Manager (joe@bioporto.com) and Klaus Boberg Pedersen, Product Manager (kbp@bioporto.com) will be representing our company. (Booth no. to be assigned).
